Description: Mercedes-Benz AG (MBAG), the manufacturer of Mercedes-Benz Sprinter Vans, has determined that on certain Sprinter (907 platform) vehicles, a component of the park lock system might wear due to specific driver parking practices and impair the safe parking of the vehicle. If the vehicle is not properly secured in accordance with parking instructions in the operator's manual (including usage of the parking brake), it cannot be ruled out that the vehicle might roll away from its parked position under certain circumstances. Thus, the risk of an accident could increase. MBUSA is conducting a voluntary recall. An authorized Mercedes-Benz Sprinter dealer will update the software of various control units (Direct Select Module, Electronic Ignition Switch Module, Electronic Stability Program Module, and Transmission Control Unit) on the affected vehicles.

If the vehicle is not properly secured in accordance with parking instructions in the operator's manual (including usage of the parking brake), it cannot be ruled out that the vehicle might roll away from its parked position under certain circumstances. Thus, the risk of an accident could increase.

Remedy: MBUSA/DVUSA is conducting a voluntary recall. An authorized Mercedes-Benz Sprinter dealer will update the software of various control units (Direct Select Module, Electronic Ignition Switch Module, Electronic Stability Program Module, and Transmission Control Unit) on the affected vehicles.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
